Mercyful father we humbly thee pray,
fro the tirany of papists defēd vs alway
Their leathened doctrine more bitter thē venim,
Of thy mercy turne into Euangelicall doctrine.
Of bloudy Paules make them faithful Paules
Of rauening wolues make them meke lambes
By the miracle of thy mighty handes.
Put out the sting of their viperous generation
And make them true feeders of thy congregatiō
Bring this thing to passe Lord, for none els may
Or els for thy electes sake take them clean away

AMEN.
